**We are excited to launch specialist individual swimming lessons for children with specialist educational needs and disabilities. Working in partnership with Devon County Council.**

We will develop their swimming ability and water confidence through fun and sensory activities. The block of 6 lessons will be for 30 minutes each week and meet the needs of each individual child with teachers who have had specialist training. There will be the opportunity for parents/guardians to discuss best practice on how to support their child when swimming recreationally.
